

Email from Mr J Corbo, Wheatland Services 18th January 2013

Dear Committee,

1)The Site known as Wheatland Services has been a Retail Site for many Decades.

2)It is the nearest, suitable site , to the high street.

3)The Stores many local suppliers compliments the High Street,allowing Local People to do a full weeks shop in the Town.

4)The expansion of the Store would be in Concert with the growth of the Town (5/10 years from now)

5)The Larger Store would secure the future of the Petrol Station.

6)The proposed Larger Store would also deter a Major Supermarket coming to Much Wenlock, there is currently no such deterrent.This would pose a much greater threat to the High Street and the Petrol Station.

John Corbo
